

LEADERSHIP IN TRAINING

in partnership with the Trust

Transportation Safety Program

The Trust Transportation Program has received an enthusiastic response from administrators and drivers at districts of all sizes.

That's because the full-time, dedicated Trust transportation instructors were once bus drivers themselves, and know the demands of student transportation.

Transportation Program services—which are available to Trust members at no charge—include driver training, a “train-the-trainer” program, and expert consulting.

IN-PERSON DRIVER TRAINING COURSES

- Bus Simulator
- Student Management
- Defensive Driving
- Distracted Driving
- On-the-Road Emergencies
- Safe Backing/Safe Turns
- White Fleet Training
- Bullying on the Bus
- Mirror Set-up
- Driver Liability and Risk
- Intersection Safety

CONSULTING SERVICES

- Department Audits
- Driver Reeducation
- Specialized Training
- Motor Vehicle Registration and Commercial Driver's License Consulting

TRAINING BUS DRIVER TRAINERS

The new Leadership in Training program is taking off! Our trainers will teach your trainers how to be more effective when training the next generation of bus drivers.

This course is geared toward DPS-trained Arizona state driver trainers, and includes classroom sessions and hands-on training in buses.

Participants receive training in all aspects of school bus driver instruction, including classroom preparation, paperwork, key classroom topics, behind-the-wheel teaching techniques, and rules and regulations governing pupil transportation.
