26/27 Trust Loyalty Credit: Community College Requirement Details

Each year, the Trust offers a program that allows districts to earn credits through the Trust Loyalty Credit (TLC) program. Since its inception in 2010, the TLC program has returned $67 million to our members.

For this year, members can earn up to 2% of their Trust contribution from the 2026/2027 year by participating in various loss control and risk management measures.

Preliminary Requirements

- Participate in the Trust core coverages (both property and liability).
- Have maintained membership in the Trust for three consecutive years (2024/2025, 2025/2026, and 2026/2027).
- Have made a timely payment of the district's 2026/2027 contribution.
- Continue membership for the 2027/2028 policy year.

Options to Earn Credits

Members who meet the preliminary requirements may complete any of the following items by May 31, 2027, to qualify for a maximum of 2% back to the district:

Regional Emergency Preparedness Consortium

School emergency preparedness consortiums: (1) help school personnel establish a foundation of emergency preparedness and planning; (2) assist personnel in providing planning and training support at all levels; and (3) encourage other public entities and community partners to become more involved in school safety and security.

To qualify for this item, the district must send a representative to at least one regional consortium meeting (attendance sheets at the meeting will provide a record of attendance and must be completely legible to verify member attendance).

Please reach out to Kaylee Sorensen (ksorensen@the-trust.org) for more information regarding registration, upcoming dates, and locations.

Enablement of multi-factor authentication (MFA) for users with access to cloud resources like email, cloud storage, etc.

Demonstrate that Multi-Factor Authentication (MFA) is enabled for users with access to cloud resources like email, cloud storage, etc. A verification process can be provided by the Trust cyber team to generate a compliance report for Microsoft 365/Entra ID and Google Workspace tenants. Questions? Contact cyber@cyberpools.org

Attending facility-focused workshops presented by the Trust Loss Control Department:

To ensure the smooth functioning of a district, it is crucial to understand the importance of preventative maintenance and how to handle specific property losses. These factors can have a significant impact on the overall operations and financial stability of the district.

Considering this, Loss Control will host a variety of facilities workshops, including Lunch & Learns, Facilities Leadership in Training (LIT) sessions, and roofing workshops.

To qualify for this item, facility or maintenance staff must attend two facility-focused workshops.

Workshop Dates:

- August 13, 2026 (Flagstaff—Facilities)
- September 23, 2026 (Flagstaff—Roofing)
- October 15, 2026 (Phoenix—Facilities)
- October 22, 2026 (Yuma—Facilities)
- December 10, 2026 (Tucson—Roofing)
- January 14, 2027 (Phoenix—Roofing)
- February 11, 2027 (Tucson—Facilities)
- March 18, 2027 (Tucson—Roofing)
- April 15, 2027 (Phoenix—Facilities)

Attending the Community College Risk Management Summit in November 2026

The Community College Risk Management Summit (RMS) is an annual, day-long training session designed to help educate members on safety and liability issues currently facing Arizona Community Colleges.

To qualify for this item, an employee from the district must attend the November 2026 RMS in-person or virtually.
